

The Caring Pregnancy Center desires to contribute to the slowing of COVID-19, but we also want to continue to serve our clients alternate ways. This is our current plan. If there are any changes, we will update you.

The CPC is closed for face-to face appointments except for pregnancy tests.

For the time being:

1. Ongoing Baby Bucks clients –have two options to fulfill the requirements for the program and still earn points:
 - a. Can take Bright Course lessons online: If you have a scheduled appointment your text reminder will give you the option to have a Bright Course lesson sent to you. If you opt to have the lesson sent to you but do not complete it, the appointment will be counted as a no show.
 - b. Set up scheduled mentoring appointment to be conducted by phone with mentor.
2. Practical help visits – you may:
 - a. Call in or text their needs for diapers, wipes, and formula only. Be sure to include size.
 - b. May order two weeks' worth at a time to reduce the number of visits you have to make.
 - c. Set a time during office hours to pick – up outside.
 - d. We will fill the order, bag it, put their initials on it, put it outside the door when you phone to say you are in the parking lot in your car.
 - e. No shopping for clothes or other items for now.
 - f. There is a new limit of 1 can of formula per week.
3. Pregnancy tests – This is the only face-to-face service we will continue to do at this point.
 - a. You must call ahead of time and will be screened on phone for fever and symptoms per CDC recommendations. Your temperature will be taken upon arrival.
 - b. Pregnancy tests will be available at 12:00 pm and 2:30 pm on Mondays and Tuesdays, and 9 am and 11:30 am on Thursdays and Fridays.
4. If you would like to become a new client for one of our other programs –
 - a. This will be done by phone.
 - b. May need proof of pregnancy from your doctor.
5. Ultrasounds –
 - a. Due to the current situation the only ultrasounds we're doing is for pregnancy confirmation.
 - b. Our policy requires an ultrasound must be preceded by a positive pregnancy test. Please allow at least two hours.
6. Q Place –
 - a. Will continue starting Thursday, March 26 @ 9:00am via video conferencing.
 - b. You must call or text to sign up as an appointment for Thursdays at 9:00am so we know who to include.
 - c. You will receive an invitation to a Zoom meeting for that time. You will need to download the app ahead of time.
 - d. We have received special permission from the publisher to send you a pdf of the study guide.
 - e. Be sure to include your email address when you make the appointment so we can send you the guide.
7. Donations –
 - a. Due to high demand, and low supply, the only donations we can accept are sealed packages of diapers, wipes and formula.

8. Again, these plans may change as the situation changes. We want to be proactive rather than reactive. We believe that God is our Rock and in Him we have nothing to fear.
